## News from the National Executive Council (NEC) to the National Fraternity (NAFRA)

### National Fraternity Visitation

The word visitation holds rich meaning for us. Say “visitation” and we may quickly think of Mary and Elizabeth, an infant leaping for joy and the Magnificat. As Secular Franciscans, this word also calls to mind Pastoral and Fraternal Visitations to our fraternities. This brings me to one of the highlights of our recent Chapter – our Visitation from the International Council (CIOFS). Like that visit of Mary to Elizabeth, this Visitation was a time of great joy and a wonderful manifestation of the love we share as brothers and sisters in Christ.

The National Executive Council (NEC) prepared for our Visitation by completing an extensive questionnaire. The resulting 20-page document, compiled by Vice Minister Mary Bittner and Br. Bob Brady, OFM, reflects very precisely the state of our National Fraternity. This extremely informative document was distributed to our Visitors, as well as to all Regional Ministers. It is available to anyone by request.\*

Our CIOFS Visitors, Vice Minister General Chelito Nunez, OFS, and General Spiritual Assistant Fr. Francis Bongajum Dor, OFM Cap., spent two days with the National Executive Council and five days with the National Council at Chapter. On the last day of Chapter, Fr. Francis expressed his gratitude for the sense of belonging he experienced with us, noting, “We need to make our brothers and sisters more aware that once you are admitted to a local fraternity, you are a member of the Secular Franciscan Order at all levels. To be called to serve at the regional, national, or international levels is NOT a promotion; the order is ONE. We need to clarify the concept of the international fraternity – it is *all the brothers and*

*sisters in the world*, not just the Presidency! Similarly, the National Fraternity is not the National Executive Council or the National Council, but *all the Secular Franciscans in the country*. The contributions of the individual members must flow to all levels of the order. If we understand that we belong to all of these levels of fraternity, the contributions at all levels make sense. It is a matter of formation. You (NAFRA) have so much potential, and the International Fraternity needs us to open up that potential to be used at all levels. We need to open ourselves to be used by the Lord.”

A full Visitation Report will be forthcoming, but the NEC has already discussed some of the recommendations suggested by our Visitors. Overall, our Visitors were complimentary towards our National Fraternity and impressed with the many gifts that our members so generously share. Chelito shared that she was overwhelmed by all the goodness she experienced during her time with us, describing her feeling as “*encandilada*” (roughly translates “dazzled by the light”).

I think I speak for many of us when I say we, too, were *encandilada* – dazzled by all that happened at our Chapter! Praise God for the Light of the Holy Spirit working among us, and working through our beautiful Visitors to bring enlightenment to us. I look forward to the growth that will happen as a result of this Visitation as we journey through this New Year. May we be open and receptive to what we hear the Holy Spirit is saying to us, and trust God to show us the way forward. May the dazzling light of Christ guide us always!

### **ST. JOAN OF ARC REGION EXPRESSES GRATITUDE!**

On behalf of St. Joan of Arc Region, we would like to say, "Thank You." These two words really doesn't fully express the amount of gratitude St. Joan of Arc Region wishes to convey to the National Fraternity for its generous monetary support for the six families in St. Joseph Fraternity who lost everything during the historic August flooding in Baton Rouge, Louisiana. Their struggles are far from over, but your love and support lifts them up and truly helps them to persevere.

With much Humbleness and Love,  
Cherryle Fruge, OFS  
Minister, St. Joan of Arc Region
